

- **Know what you can't move.** By law, some items can't be transported by a moving company. These include flammables, corrosive materials, firearms and ammunition, bleach, aerosol cans, and matches. If you are moving plants, check with your local U.S. Department of Agriculture first. Many states have restrictions on certain plants to prevent importing bugs or pests that can destroy valuable cash crops.
- **Carry your valuables with you.** You don't want to be without important papers that are packed on the moving van.
